## TRITON

## OUR SECTORS <br> Mining

Efficiently and reliably providing durable equipment.

## OUR SECTORS - MINING

## Efficient, reliable, and durable equipment

Our durable equipment is designed to withstand even the harshest climates and conditions. At Triton, we appreciate that mining is an asset-intensive industry that often utilizes bulky, oversized equipment, and big machinery.

We work with customers to overcome logistical challenges by leasing and selling a wide range of Flatracks, Tank Containers, Open Top Containers, and Dry Containers. Our customers' interests are at the heart of everything we do. The Triton Container Sales team includes 45 sales and service specialists, supported by our best-in-class operational infrastructure. This experienced team sells new and used containers to companies operating in the mining sector for storage and one-way shipment. Additionally, our global network can assist in selling containers when they are discharged at their final destination.

## Buy or lease <br> Dry Containers

Triton Dry Containers are frequently utilized in remote mining locations to deliver mission-critical supplies. Upon arrival, they are often repurposed as cost-effective storage or facilities.

Their simple design makes them incredibly versatile, and when purchased, customers can modify them into contemporary spaces by inserting air conditioning, plumbing, and partitions to create rooms.

## Buy or lease ISO Tank Containers

ISO Tank Containers are used as a safe, flexible, and cost-effective means to ship and store the chemicals used in the mining process directly to where they are needed, including, but not limited to, the mine itself.

## Buy or lease Refrigerated Containers

Constructed to comply with mine site and offshore safety standards, Triton Refrigerated Containers will keep food and heat-sensitive items safe and at consistent temperatures at all times.

## PLEASE NOTE: The following pages

showcase a small sample of products in the Triton global inventory. We stock a wide range of products for lease and sale in various conditions. Get in touch with your local Triton representative for more information. For Sale: New
Available via Triton's global network of supply locations.

## 20ft Dry Container

## FEATURES

- Manufactured with rust resistant corten steel
- Secure and weatherproof, with vents to allow airflow
- Resistant to damage and corrosion
- Superior paint systems
- Great options including 80 micron floor coating, lock boxes, waist-high door locking handles
- Incredibly versatile and suitable for customers to modify into a wide range of applications
- Advance orders in your preferred color (minimum volume required)
- Triton's industry leading new production testing and inspection criteria ensures the highest quality container
- Moved from factory to most major ports in the world
- Backed up by Triton's global network of supply locations and dedicated sales and support teams
- Available globally
